

MANAGED RISK MEDICAL INSURANCE BOARD FINDING OF EMERGENCY

The Board finds that the unavailability of data to utilize the methodology required by the present regulations to designate the community provider plans (CPP) for the benefit year commencing July 1, 2009, calls for the immediate action of adopting the proposed regulations in order to enable the Board to timely designate the CPP in each county and ensure that applicants selecting the CPP obtain the family contribution discount described in Insurance Code section 12693.43; the action is necessary to avoid serious harm to the public, peace, health, safety, or general welfare; and the foregoing constitutes an emergency under Government Code sections 11342.545 and 11346.1.
